#### EXPLANATORY NOTE

Versus Systems, Inc. ("the Company") is filing this Amendment No. 1 to correct an inadvertent statement in Note 1 to the interim financial statements contained in Part I, Item 1 of the Company's Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2025 (the "Original Filing"), which was originally filed with the Securities and Exchange Commissions on August 14, 2025. Specifically, the Company removed a sentence indicating the Company was not in compliance with certain Nasdaq listing standards. The Company was in compliance as of and throughout the periods presented. This correction does not affect any other aspect of the financial statements or the Form 10-Q.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

#### 1. NATURE OF OPERATIONS AND GOING CONCERN

Versus Systems Inc. (the Company) was continued under the Business Corporations Act (British Columbia) effective January 2, 2007. On December 24, 2024 a special resolution authorizing and approving the continuance of the Company from the Province of British Columbia in accordance with the Business Corporations Act (British Columbia) into the State of Delaware in accordance with the Delaware General Corporation Law. The Company's head office and registered and records office is located at 3500 South DuPont Highway Dover, DE 19901. The Company's common stock is traded on the NASDAQ under the symbol "VS". The Company's Unit A warrants are traded on NASDAQ under "VSSYW". All share and per share data are presented to reflect the reverse share splits on a retroactive basis.

The Company is engaged in the technology sector and has developed a proprietary prizing and promotions tool allowing game developers and creators of streaming media, live events, broadcast TV, games, apps, and other content to offer real world prizes inside their content. The ability to win prizes drives increased levels of consumer engagement creating an attractive platform for advertisers.

In June 2021, the Company completed its acquisition of multimedia, production, and interactive gaming company Xcite Interactive, a provider of online audience engagement through its owned and operated XEO technology platform. The Company partners with professional sports franchises across Major League Baseball ("MLB"), National Hockey League ("NHL"), National Basketball Association ("NBA") and the National Football League ("NFL") to drive audience engagement.

In September 2024 the Company closed down its operations within the United Kingdom, Versus Systems UK, Ltd.

#### Going Concern

These unaudited condensed interim consolidated financial statements have been prepared on the assumption that the Company will continue as a going concern, meaning it will continue in operation for the foreseeable future and will be able to realize assets and discharge liabilities in the ordinary course of operations. Different bases of measurement may be appropriate if the Company is not expected to continue operations for the foreseeable future. As of June 30, 2025, the Company has not achieved positive cash flow from operations and is not able to finance day to day activities through operations and as such, there is substantial doubt as to the Company's ability to continue as a going concern. The Company's continuation as a going concern is dependent upon its ability to attain profitable operations and generate funds therefrom and/or raise equity capital or borrowings sufficient to meet current and future obligations. These condensed interim consolidated financial statements do not include any adjustments as to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. These adjustments could be material.

Management's plans include attempting to secure additional required funding through equity or debt financing, if available, seeking to enter into a partnership or other strategic agreement regarding, or sales or out-licensing of, its technology. There can be no assurance that we will be able to obtain required funding in the future. If the Company does not obtain required funding, the Company's cash resources will be depleted in the near term and the Company would be required to materially reduce or suspend operations, which would likely have a material adverse effect on the Company's business, stock price and our relationships with third parties with whom the Company have business relationships. If the Company does not have sufficient funds to continue operations, the Company could be required to seek bankruptcy protection, dissolution or liquidation, or other alternatives that could result in the Company's stockholders losing some or all of their investment in us. The Company has implemented expense reduction measures including, without limitation, employee headcount reductions and the reduction or discontinuation of certain product development programs.

#### BASIS OF PRESENTATION

#### **Basis of presentation**

These condensed consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP) and the requirements of the Securities Exchange Commission ("SEC") for interim reporting. As permitted under those rules, certain footnotes or other financial information that are normally required by U.S. GAAP can be condensed or omitted. These condensed interim consolidated financial statements have been prepared on the same basis as the annual condensed consolidated financial statements included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2024, filed with the SEC on March 31, 2025.

In the opinion of our management, the information in these condensed interim consolidated financial statements reflects all adjustments, all of which are of a normal and recurring nature necessary for a fair statement of the financial position and results of operations for the reported interim periods. We consider events or transactions that occur after the balance sheet date but before the financial statements are issued to provide additional evidence relative to certain estimates or to identify matters that require additional disclosure. The results of operations for interim periods are not necessarily indicative of results to be expected for the full year or any other interim period.

#### **Significant Accounting Policies**

There have been no material changes to the accounting policies discussed in Note 2 to the condensed consolidated financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2024, filed with the SEC on March 31, 2025.

#### **Basis of consolidation**

These condensed interim consolidated financial statements include the accounts of Versus Systems Inc. and its subsidiaries, from the date control was acquired. Control exists when the Company possesses power over an investee, has exposure to variable returns from the investee and has the ability to use its power over the investee to affect its returns. All inter-company balances and transactions, and any unrealized income and expenses arising from inter-company transactions, are eliminated on consolidation.

#### Use of estimates

The preparation of these condensed consolidated statements requires management to make certain estimates, judgments and assumptions that affect the reported amounts of assets and liabilities at the date of the condensed consolidated financial statements. Estimates and assumptions are continually evaluated and are based on historical experience and management's assessment of current events and other facts and circumstances that are considered to be relevant. Actual results could differ from these estimates.

Significant assumptions about the future and other sources of estimation uncertainty that management has made at the end of the reporting period, that could result in a material adjustment to the carrying amounts of assets and liabilities in the event that actual results differ from assumptions made. These estimates and assumptions include valuing equity securities in share-based payments and warrants.

#### 3. SIGNIFICANT ACCOUNTING POLICIES

#### Basic and diluted loss per share

Basic earnings (loss) per share is computed by dividing net earnings (loss) available to common shareholders by the weighted average number of shares outstanding during the reporting periods. Diluted earnings (loss) per share is computed similar to basic earnings (loss) per share, except that the weighted average shares outstanding are increased to include additional shares for the assumed exercise of stock options and warrants, if dilutive. The number of additional shares is calculated by assuming that outstanding stock options and warrants were exercised and that the proceeds from such exercises were used to acquire common stock at the average market price during the reporting periods. Potentially dilutive options as of June 30, 2025 totaled 401,633 ( June 30, 2024 – 15,130) and warrants excluded from diluted loss per share as of June 30, 2025 totaled 1,733,741 (June 30, 2024 – 896,645).

#### **Share-based compensation**

The Company grants stock options to acquire common shares of the Company to directors, officers, employees and consultants. An individual is classified as an employee when the individual is an employee for legal or tax purposes, or provides services similar to those performed by an employee.

The fair value of stock options is measured on the date of grant, using the Black-Scholes option pricing model, and is recognized over the vesting period on a straight-line basis. The Black-Scholes pricing model requires the use of subjective assumptions including the option's expected term, the volatility of the underlying stock, the fair value of the stock and the expected forfeiture rate. Consideration paid for the shares on the exercise of stock options is credited to capital stock.

In situations where equity instruments are issued to non-employees and some or all of the goods or services received by the Company as consideration cannot be specifically identified, they are measured at fair value of the share-based payment. Otherwise, share-based payments are measured at the fair value of goods or services received.

#### 3. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Revenue recognition

The Company recognizes revenue when its customer obtains control of promised goods or services, in an amount that reflects the consideration which the entity expects to receive in exchange for those goods or services. To determine revenue recognition for arrangements that an entity determines are within the scope of Accounting Standards Codification ASC 606, Revenue from Contracts with Customers ("ASC 606"), the entity performs the following five steps: (i) identify the contract(s) with a customer; (ii) identify the performance obligations in the contract; (iii) determine the transaction price; (iv) allocate the transaction price to the performance obligations in the contract; and (v) recognize revenue when (or as) the entity satisfies a performance obligation. The Company only recognizes revenue from contracts when it is probable that the entity will collect substantially all the consideration it is entitled to in exchange for the goods or services it transfers to the customer.

The Company earns revenue in two primary ways: 1) the sales of software-as-a-service (SAAS) from its interactive production software platform or 2) development and maintenance of custom-built software or other professional services.

The Company recognizes SAAS revenues from its interactive production sales over the life of the contract as its performance obligations are satisfied. Payment terms vary by contract and can be periodic or one-time payments. The Company determines that the customer receives and consumes the benefits of the service simultaneously as the service is provided. The transaction price is allocated to the contractual performance obligations and recognized ratably over the contract term.

The Company recognizes revenues received from the development and maintenance of custom-built software and other professional services provided upon the satisfaction of its performance obligation in an amount that reflects the consideration to which the Company expects to be entitled in exchange for those services. Performance obligations can be satisfied either at a single point in time or over time. For those performance obligations that are satisfied at a single point in time, the revenue is recognized at that time. For each performance obligation satisfied over time, the Company recognizes revenue by measuring the progress toward complete satisfaction of that performance obligation. The Company generally measures progress comparing hours incurred to total estimated hours.

For revenues received from the sales of advertising, the Company is deemed the agent in its revenue agreements. The Company does not own or obtain control of the digital advertising inventory. The Company recognizes revenues upon the achievement of agreed-upon performance criteria for the advertising inventory, such as a number of views, or clicks. As the Company is acting as an agent in the transaction, the Company recognizes revenue from sales of advertising on a net basis, which excludes amounts payable to partners under the Company's revenue sharing agreements.

The Company's contracts with customers may include promises to transfer multiple products and services. For these contracts, the Company accounts for individual performance obligations separately if they are capable of being distinct and distinct within the context of the contract. Determining whether products and services are considered distinct performance obligations may require significant judgment. Judgment is also required to determine the stand-alone selling price, for each distinct performance obligation.

During the six months ended June 30, 2025 the Company recognized \$176,000 attributed to professional services. No revenue was recognized attributed to professional services for the three months ended June 30, 2025.

#### License Revenue - Related Party

On April 30, 2025, pursuant to the Technology License and Software Development Agreement (the "License Agreement") with ASPIS Cyber Technologies, Inc. ("ASPIS"), the Company delivered a functional license for its gamification, engagement, and QR code technology. ASPIS is an affiliate of the Company's largest shareholder—Cronus Equity Capital Group, LLC ("CECG")—which holds approximately 20.20% of the outstanding common shares of the Company as of June 30, 2025.

Under the License Agreement, as amended by the first amendment executed on January 15, 2025, the monthly license fees of \$165,000 were due and payable commencing on April 30, 2025 and on the 5<sup>th</sup> of each subsequent month thereafter for the initial term and subsequent terms of renewal.

Under the License Agreement, as amended by a side letter executed on August 11, 2025, the Initial Term is non-cancellable for twelve (12) months commencing April 30, 2025, with monthly license fees of \$165,000 payable regardless of use. ASPIS will pay for any required technology modifications, improvements, and developments to Versus' technology in addition to the license fee. The Company retains ownership of the technology, and ASPIS holds an exclusive license to use it in the cybersecurity industry so long as ASPIS continues to pay the monthly license fee.

Since the license is a functional license and the performance obligation was satisfied upon delivery on April 30, 2025, the Company recognized the entire transaction price of \$1,980,000 as revenue in the quarter ended June 30, 2025. Of this amount, \$330,000 was billed and recorded as accounts receivable – related party, representing two months of license fees, and \$1,650,000 was recorded as a contract asset – related party for the unbilled portion of the non-cancellable term. The unbilled amounts will be invoiced and collected over the remaining term in accordance with the contract's billing schedule.

#### Accounts Receivable, net - Related Party

Accounts receivable are typically unsecured and are derived from revenue earned from customers. They are stated at invoice value less estimated allowances for credit losses. The Company performs ongoing credit evaluations of its customers to determine allowances for potential credit losses and doubtful accounts. As of June 30, 2025, the Company's receivable balance of \$330,000 was attributed to ASPIS and represented two months of license payments at \$165,000 per month. No allowance for credit losses was recorded as of June 30, 2025 and December 31, 2024.

#### Contract Assets - Related Party

Contract assets arise when the Company has earned revenue on a contract with a customer prior to billing. As of June 30, 2025, contract assets related to ASPIS totaled \$1,650,000, representing the unbilled portion of the twelve-month non-cancellable Initial Term under the License Agreement. Contract assets are recorded on the Company's consolidated balance sheets net of an allowance for credit losses.

#### 3. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Recent accounting pronouncements not yet adopted

#### New accounting pronouncements

In November 2024, the FASB issued ASU No. 2024-03, Income Statement-Reporting Comprehensive Income-Expense Disaggregation Disclosures ("Subtopic 220-40"). This ASU improves financial reporting by requiring that public business entities disclose additional information about specific expense categories in the notes to the condensed consolidated financial statements at interim and annual reporting periods. This ASU will be effective for annual periods beginning after December 15, 2026, for interim reporting periods beginning after December 15, 2027, with early adoption is permitted. We are evaluating the potential impact of this guidance on our condensed consolidated financial statements and related disclosures.

#### Recent adopted accounting pronouncements

In December 2023, the FASB issued ASU 2023-09, Income Taxes ("Topic 740"): Improvements to Income Tax Disclosures. This ASU enhances the transparency and decision usefulness of income tax disclosures. It is designed to provide more detailed information about an entity's income tax expenses, liabilities, and deferred tax items, potentially affecting how companies report and disclose their income tax-related information. The ASU is effective for public business entities for annual periods beginning after December 15, 2024, including interim periods within those fiscal years. The adoption of the guidance in the second quarter of 2025 did not have a material impact on our condensed consolidated financial statements and related disclosures.

Management does not believe any other recently issued but not yet effective accounting pronouncement, if adopted, would have a material effect on the Company's present or future condensed consolidated financial statements.

#### 6. SEGMENT REPORTING

Our chief operating decision maker ("CODM"), the Chief Executive Officer, manages the Company's business activities as a single operating and reportable segment at the consolidated level. Accordingly, our CODM uses consolidated net loss to measure segment profit or loss, allocate resources and assess performance. Further, the CODM reviews and utilizes functional expenses (cost of revenues, research and development, and general and administrative) at the consolidated level to manage the Company's operations. Other segment items included in consolidated net loss are interest income, other expense, net and the provision for income taxes, which are reflected in the consolidated statements of operations and comprehensive loss. The measure of segment assets is reported on the consolidated balance sheet as total assets.

#### 7. COMMITMENTS AND CONTINGENCIES

From time to time the Company may become involved in other legal proceedings or be subject to claims arising in the ordinary course of business. Although the results of ordinary course litigation and claims cannot be predicted with certainty, the Company currently believes that the final outcome of these ordinary course matters will not have a material adverse effect on its business, financial condition, results of operations or cash flows. Regardless of the outcome, litigation can have an adverse impact because of defense and settlement costs, diversion of management resources and other factors.

#### 8. SUBSEQUENT EVENTS

The Company has evaluated subsequent events after the balance sheet date of June 30, 2025 through August 14, 2025, the date the condensed consolidated financial statements were issued. Based upon its evaluation, management has determined that no subsequent events have occurred that would require recognition in the accompanying condensed consolidated financial statements or disclosure in the notes thereto.
